The Nautilus Project

Support Gibraltar's sea protection, cleaner beaches, youth development and sustainable living.

Ten years ago, The Nautilus Project set out to connect Gibraltar's young people with the ocean. Today, we have delivered marine science education to every school on the Rock, led countless beach cleans, and inspired a generation of environmental champions. As we mark this milestone, we invite our community to take one small step that makes a big difference — becoming a Nautilus member.

Starting from just £10 a month — less than a cup of coffee a week — your membership directly funds the work that protects our coastline and shapes the next generation of ocean advocates. Join us, and let's write the next ten years together.

What Your Membership Funds

Every pound goes directly into our programme. Here's what your contribution makes possible:

£10 / month could fund...

- Essential materials for a school workshop
- Equipment for a beach clean session
- Resources for a classroom of young marine scientists

£100 / month could fund...

- A full marine science field trip for a class
- Development of new curriculum workshops
- A dedicated beach clean with full equipment

“

The Nautilus Project has given our pupils a genuine connection to the sea right on their doorstep. The workshops are inspiring, expertly delivered, and the children talk about them for weeks afterwards.

Why Gibraltar's Ocean Needs You

Rising temperatures

Mediterranean sea temperatures have risen faster than the global average, threatening marine habitats on our doorstep.

Plastic pollution

Over 12 million tonnes of plastic enter the world's oceans every year. Gibraltar's coast is on the frontline of this crisis.

Education is the answer

Young people who learn about ocean science become lifelong advocates. Your membership keeps that education alive.

How to Become a Member

It takes less than five minutes to start making a difference

1

Set up your standing order or direct debit

Use the Trusted Novus bank details on the back page. Takes just a few minutes online or in-branch.
